**Through a collaboration with Horizon Robotics, Volkswagen aims to integrate advanced driver assistance technologies into their models**

Mainland China-based Horizon Robotics revealed a new collaboration with German automaker Volkswagen to enhance advanced driver assistance technologies, in a report published by Reuters on April 7. This partnership is set to integrate Horizon's Superdrive smart driving solution into Volkswagen models.

This development comes through the cooperative efforts between Volkswagen's software unit, Cariad, and Carizon, a joint venture between Cariad and Horizon Robotics. The announcement emphasizes the extension of the ongoing cooperation between Horizon Robotics and Volkswagen, aiming to advance the integration of smart driving solutions in the automotive industry.
